BLIZZARD WASH1 IP65

- Light source : 7x40W OSRAM® RGBL LEDs
- "Hi-CRI" CCT presets 1800K-10000K
- Ring Control : individual control for central pixel and outer ring
- RGB halo-ring
- Zoom : Motorized 4°-42° (3.5° in ultra narrow mode)
- Optional : backup battery, wireless DMX module
LUX 4°	37216	20934	13398	9304	5233

BTI-
BLIZZARD BSW2 IP65

- Light source : 450W white LED
- CMY color mixing, including several color presets
- 7+1 fixed colors, including UV
- 7+1 replaceable rotating glass gobos with fine indexing
- 7+1 replaceable fixed static glass gobos for gobo layering
- Bi-rotating 5 facets prism
- Non-stop rotating animation wheel with indexing
- Linear frost filter for perfect wash effect
- Zoom : electronic 3°-30° zoom with motorized focus
- Autofocus
- Optional : wireless DMX module,
   3 to 5 pin XLR modification kit

BTI-
BLIZZARD PROFILE IP65

- Light source : 600W LED

- CMY color mixing and gradual CTO from 2700K to 6800K

- 6+1 fixed colors, including UV

- 7+1 replaceable rotating glass gobos with fine indexing

- 10+1 fixed static glass gobos for gobo layering

- Nonstop rotating animation wheel with indexing

- Bi-rotating 4 facet prism

- 2 gradual frost filters: 1 light + 1 medium frost

- Zoom : electronic 7°-50° zoom with motorized (auto) focus

- Adjustable iris

- Framing module with 4 individually controlled blades
  and +/-60° rotation

- Optional : 5 to 3 pin XLR modification kit

BT-
CHROMA 800 IP65

- Light source : 40x 20W RGBL LEDs

- Ideal as theatre cyclorama light when
  equipped with the optional 60° or 100° beam shapers

- Color control : Hi-CRI white with presets:
  3000K, 3200K, 4000K, 5600K, …

- Different pixel combinations for stunning visual effects

- Beam Angle : 15° + 27° frost filter

- Operation Modes : Standalone, DMX, Wireless DMX

- Included : Frost filter

- Optional : Barndoor, Glare shield, Beam shapers,
  Filter frame, fixed outdoor installation set,
  3 to 5 pin XLR modification kit

SUNRAY 130R IP65

- Light source : 130 watt COB
- CRI : > 97 (R9: 89)
- CCT : tunable from 1700K to 3000K
- Amber drift effect and/or separate control for white/amber
- Can be used as LED-strobe
- Included :
    2 compound eye lenses with beam angles: 15° and 35°
    1 blinder glass (authentic blinder look)
    1 Gel frame (install optional CTO / CTB / COLOR filters)
    1 Glare shield (anti-glare and better beam)
- Operation Modes : Standalone, DMX
- Optional : barndoor, 3 to 5 pin XLR modification kit

SPECIALS/

WHEN CREATIVITY
AND INNOVATION
COMES TOGETHER

BTX-
SKYRAN

- 7 powerful 80W WW + Amber COB LEDs behind a flower
  lens to emulate a classic tungsten blinder
- Powerful strobe lines of 120 individual addressable
  high efficiency 3W white LEDs
- RGB section contains 604 individually addressable 0.5W RGB
  LEDs split into 3 regions :
  - Aura LEDs behind the flower lenses
  - A complete outline of the fixture in 6 sections
  - A star in the fixture in 6 sections
- Full pixel control through an intuitive effect engine or through Art-Net or sACN
- Quick-lock system to easily mount multiple units together.
BT-
LEDROTOR

- 70x70cm LED-effect fan
- 6 fan blades equipped with 720 RGB-LEDs in total
- Each fan blade is split-up in 5 individual RGB-sections
- The output of each fan blade can be controlled individually
- Amazing built-in pixels patterns + free pixel programming
- 32pcs 3W UV-leds light up the white colored blades in the dark!
- Optional : wireless DMX USB dongle

BT-RETRO
COUPLING ADAPTOR

- Connect several BT-RETRO units together with this BT-RETRO coupling adapter
- 2 coupling adaptors are required to link 2 units together

BT-
RETRO

- Light source : HPL-575 halogen + 48 * 3,5 watt RGB LEDs
- Control the halogen lamp and RGB effects separately
- White balance adjustment
- Link several units together using
  the optional coupling adapter
- Operation Modes : Standalone, DMX,
- Optional : wireless DMXUSB dongle, BT-RETRO coupling adapter

Briteq

BT-NONABEAM

- Light source : 9 * 60W CW/WW LEDs

- Beam Angle : 4°

- CCT : adjustable 3000-6000K

- High CRI at low color temperatures

- The 9 LEDs can be individually controlled

- Very powerful RGB-LEDs light up the front panel

- The 9 lenses are equipped with black anti-glare louvers

- Operation Modes : DMX

- Included : different front panels (black, white, mirror), tilt bracket

- Optional : set of 9 gold color louvers,
  BT-NONAMOVE: Moving yoke

LUX	149100	83865	53673	37273	13418
Distance (m)	3	4	5	6	10
Beam 4,5°(cm)	23,6	31,4	39,3	47,1	78,6

BT-NONAMOVE

- Turn the static BT-NONABEAM into a moving projector

- Intelligent communication with combined
  DMX control between both units

- Powerful 3-phase motors for fast, noiseless
  and accurate 16bit PAN/TILT movements

- Optional BT-NONAMIRROR to turn the
  BT-NONAMOVE in a double sided 46x20cm moving mirror :

  - Front : high-polished mirror

  - Back : diffuser reflector for soft, scattered reflections

BT-
NONAPIXEL WHITE IP65

- Light source : 60W CW/WW LED
- Beam angle : 4°, 10° or 45°
- Tunable white : 3000K – 6000K
- High CRI at low color temperatures
- HALO effects with 30 RGB pixels

MORE BRITEQ SOLUTIONS ON OUR WEBSITE

ABOUT US

Briteq is a European developer and distributor of innovative
professional lighting solutions for permanent installations,
rental, and other professional use.
The product development, which takes place in Belgium,
focuses on ease of use and reliability of the equipment.

To meet the exact needs of our users,
Briteq invests in intensive field research.
The close contact with international renowned
light designers and event orientated customers results
in turnkey light solutions in all areas.

Backed up by a skilled, multi-lingual team and service
department in the center of Europe, Briteq is your best partner
for high-end professional light equipment.

Our after sales department is a role-model for
the business since its very beginning.

Briteq is a registered trademark of Beglec NV,
a Belgian sound & light distributor with over 60 years of experience.
